INTERNATIONAL WORKSHOP ON COMPUTATIONAL NANOTECHNOLOGY

5–9 June 2017, Low Wood Hotel, Windermere, UK

iwcn2017.iopconfs.org

The International Workshop on Computational Nanotechnology is a forum for research on the development and application of advanced simulations of nanostructures, nanomaterials and nanodevices. Conference delegates include academic and industrial researchers who are either developing in-house simulation tools; demonstrating novel applications of commercial or public-domain tools; or combining and customising tools to address specific application challenges. The conference attracts a wide range of researcher seniority, from research students to international research leaders.

Topics include electronic structure calculations; simulations of electronic, optical and mechanical properties of nanostructures; simulations of electronic, thermal, spin and molecular transport processes; multiscale and multiphysics simulations; computational design and evaluation of engineered nanomaterials and nanostructures; simulation of nanodevice processing and performance.

IWCN overview

- Single stream 4-day programme of invited and contributed presentations
- Research poster sessions
- Exhibition

A two-day exhibition will be held alongside the conference programme, running on 6–7 June 2017. The exhibition will be located in the same area as the coffee breaks and registration.

We expect more than 120 participants to attend, including academics, industrial researchers and students from the UK, Europe, USA and further afield.

IWCN will continue the tradition of providing collegial atmosphere and ample opportunities for discussion of scientific and technological advances in the field.

Booking your exhibition stand

To secure your space, please book direct at **http://iwcn2017.iopconfs.org/exhibition**. Space is limited and allocated on a first-come, first-served basis.
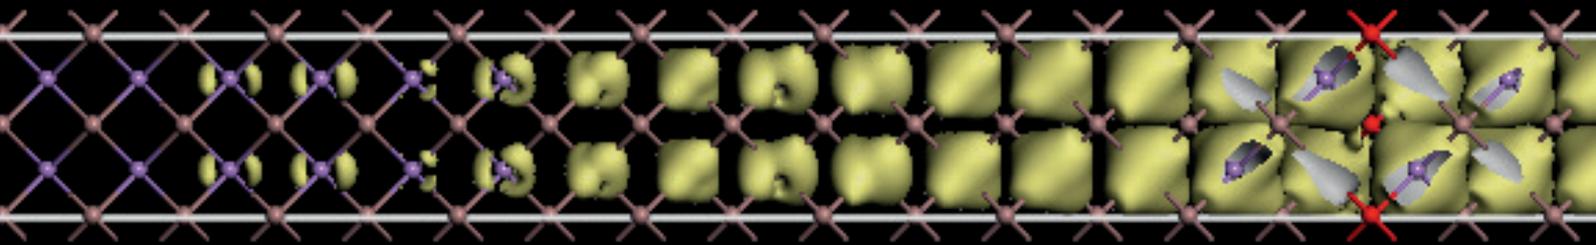

Table-top exhibition package   £500 (+ VAT)

Increase your visibility with these sponsorship opportunities

IWCN offers a broad array of high-profile sponsorship opportunities. Discover what is possible and we will work with you to cost-effectively boost your company's visibility.

Reasons why you should sponsor IWCN 2017

- Promote your company name to national and international participants both prior to, during and after the conference
- An opportunity to promote your organisation and raise your profile within the wider community
- Demonstrate your commitment to assisting in the development of young researchers
- Your representatives can mix informally with professionals from industry and academia in the UK and from around the world
- Your company's support of the conference will be acknowledged widely both through web-based and printed material
- Sponsorship contributes significantly to the promotion, planning and operation of the conference, reducing the overall cost of managing the event and enabling a higher level of participation
